REPORT OF THE DEPUTY MINISTER.

The Right Honourable SIR RICHARD J. CARTWRIGHT, P.C., G.C.M.G.,
Minister of Trade and Commerce,
Ottawa.

SIR,—I have the honour to submit the Sixteenth Annual Report of the Department of Trade and Commerce, (March 31, 1908) and in doing so I beg to state that this publication presents the most splendid record of Canadian trade expansion ever compiled in the history of Canada.

It is true that subsequent to the close of the last fiscal year, as is well known, declines have taken place. It cannot, of course, be expected that the trade should continue to increase indefinitely in such enormous proportions as it has in the past few years. It is reasonable to suppose, however, that a country with such enormous possibilities and resources as that of Canada, cannot be given more than a temporary setback in its progress, and eventually she must take a position of power and prominence among the nations of the world.

It is not a fair indication of the course of a nation's trade if the statistics of one year be compared with only the year immediately preceding: periods of five to ten years at least should be compared. The following statement, therefore, has been prepared, which shows Canada's relative commercial position. The figures are the last fiscal year statistics obtainable in each case. For Canada, the United States, Mexico and India they are for the ten years ending with the fiscal years 1898 and 1908. For detailed statement see page XV.

STEAMSHIP SUBSIDIES

It is difficult, as a general rule, to gauge the value of the steamship subsidies paid by this Department, but in some instances they show decided and definite encouragement. In the case, for example, of Mexico, a steady improvement in the exports to Mexico has been noticed since the steamship service to that country was first established. The service on the Atlantic was established in July, 1905. Since that date it will be seen that the exports to Mexico have steadily increased.

TRADE COMMISSIONER SERVICE.

The gradual extension of the Canadian Trade Commissioner Service has been continued during the past year. The Government lost its senior Trade Commissioner in England, and a valuable official, in the death of the late Mr. P. B. Ball, who was stationed at Birmingham. The vacancy created by the death of Mr. Ball was filled by the transfer of Mr. McKinnon from Bristol to that post—the vacancy caused by Mr. McKinnon's transfer being filled by the transfer of Mr. E. D. Arnaud, of Newfoundland.

Mr. J. E. Ray, who has been in charge of the office at Birmingham since the death of Mr. Ball was appointed Trade Commissioner in Newfoundland in the room of Mr. Arnaud. Mr. W. G. Fischer, of Toronto, was appointed Trade Commissioner at Glasgow, Scotland, Mr. H. R. Pousette, Trade Commissioner at Durban, S.A., and Mr. R. H. Curry was appointed Commercial Agent at Nassau in the Bahamas. Mr. Alex. MacLean*, who had for some time been stationed at Yokohama, Japan, was transferred to Shanghai, China, where a new office was established, and Mr. W. T. R. Preston was stationed permanently in Japan in room of Mr. MacLean.

During the summer of 1908, Messrs. D. H. Ross and W. A. MacKinnon, Trade Commissioners at Melbourne and Bristol respectively, were permitted to return to Canada for the purpose of visiting the commercial centres of the Dominion.

The Trade Commissioner Service has continued to improve in all its branches, and the reports of the Trade Commissioners as published in the Weekly Report of this Department have been widely commented upon in the various trade and daily newspapers in Canada. An additional feature of the Weekly Report which has met with marked favour has been the republishing of extracts from British and other foreign consular reports, as well as extracts from trade journals, &c.

WEEKLY REPORT.

Besides the Monthly Report the usual Weekly Report, containing the reports of various Canadian Trade Commissioners and Commercial Agents and other information of importance has been published regularly. There are now 2,850 copies sent out every

week, an increase of 450 over last year. This number does not include those sent to the members of the Senate and the House of Commons. Care is taken that this report is sent only to those who ask for it, and in that way the circulation is more judicious, and the expense that would be entailed in a larger edition is avoided.

The reason for the above statements showing that apparently more addresses were furnished correspondents than were received since the Weekly Report was first published in 1904, is the fact that some of the same addresses are furnished to many interested applicants.

These statements only contain those inquiries which have been published, and interested firms found directly through the medium of departmental reports. The inquiries received and replied to in the ordinary correspondence of the Department are not included in the above statement.

8-9 EDWARD VII., A. 1909

TRADE SUGGESTIONS.

Recently this Department mailed many thousand circulars throughout Canada to merchants, manufacturers, importers, Boards of Trade, newspapers, Trade journals, etc., asking in a general way for suggestions as to how Canadian trade might be extended abroad and in what way the commercial and statistical information published by the Department might be improved. As this report goes to press hundreds of communications are being received, some of which appear to be of considerable value and which will be followed up actively by correspondence as soon as they can be classified and considered by the Department.

TRADE OF CANADA TO OCTOBER 31.

The usual unrevised advance statements, Nos. 3 to 6, pages xvi to xxii, showing the trade of Canada during the seven months ended October 31, for a period of years, are appended.

I have the honor to be, Sir,
Your obedient servant,

F. C. T. O'HARA,
Deputy

Ottawa, December 23, 1908.

TERMINALS.

The thirteen elevators classed as terminals are owned and operated as follows :—

At Port Arthur, Ontario, the Canadian Northern Railway own two with a capacity of 3,750,000 and 3,250,000 bushels respectively. These are operated by the Port Arthur Elevator Company.

There is also at Port Arthur, the elevator of Jos. G. King and Company, with a capacity of 800,000 bushels. This elevator is on the line of the Canadian Pacific Railway.

At Fort William, Ontario, the Canadian Pacific Railway own and operate three with a respective capacity of 2,458,000, 2,219,700 and 1,221,000 bushels each.

The Empire Elevator Company has one of 1,750,000 bushels capacity, the Consolidated one of 1,000,000 bushels, the Ogilvie Flour Mills Company one of 550,000 bushels, and Muirhead, Black and Company one of 60,000 bushels capacity.

At Keewatin, Ontario, the Lake of the Woods Milling Company have two milling elevators having a capacity of 700,000 and 500,000 bushels respectively.

At Kenora, Ontario, the Maple Leaf Flour Mills Company has one of 500,000 bushels capacity.

The greater portion of the grain taken into the hundreds of smaller elevators in the west, and shipped from loading platforms at country points, there finds its way into these terminals at the lake front and is shipped from there to its ultimate destination, the bulk for the crop year going by vessel to Georgian Bay ports, Montreal and Kingston, although close on to 9,000,000 bushels went to Buffalo and other United States ports.

In addition there was shipped direct by rail over the Great Northern to Duluth 1,571,940 bushels.

The total shipments by vessel and rail from Fort William and Port Arthur since September, 1899, are shown elsewhere in Statement No. 58, page 857.

COUNTRY OR INTERIOR ELEVATORS.

In the three provinces of Manitoba, Saskatchewan and Alberta (including three for British Columbia) there are 1,305 elevators: one (at St. Boniface) has a capacity of 500,000 bushels, three have a capacity of 250,000 bushels, one 225,000 bushels, one 150,000 bushels, one 125,000 bushels, one 120,000 bushels, two 110,000 bushels, one 103,000 and three 100,000 bushels capacity.

They run all the way from 4,000 up to 250,000, except the milling elevator at St. Boniface which has a capacity of 500,000 bushels, but the bulk of them are of 25,000 to 30,000 bushels capacity. Excluding the 14 elevators that run from 100,000 upwards, the average for the remaining 1,291 would be 28,710 bushels.

WAREHOUSES.

The thirty-six warehouses operated during the year range in capacity from 1,000 to 12,000 and have an average of 6,083 bushels. These warehouses are decreasing in capacity and number, and are 16 less than last year.

INCREASE IN CAPACITY.

Of the total increase in capacity for 1907-8, viz.: 3,313,500 bushels, the country elevators account for 3,179,800 bushels, and the terminals for 133,700 bushels.

AMOUNT INVESTED.

The total amount invested in terminal and country elevators and warehouses in the Manitoba Grain Inspection Division, is approximately \$11,707,000.

WHEAT HANDLED AT INTERIOR POINTS.

It will no doubt be of some interest to the Canadian people to know that the total quantity of wheat handled by country elevators in the three western provinces during the crop year ended August 31, 1908, was 42,000,000 bushels, and that loaded over loading platforms, and shipped direct by farmers was about 12,000,000 bushels.

The net increase for the year is 35, and is almost wholly due to elevators, but the licensing of space in elevators is on the decrease.

As has been pointed out on a previous occasion, all license holders are bonded, thus securing the grain growers against loss in marketing their products.

CHINESE IMMIGRATION.

No. 67.—STATEMENT showing the TRANSACTIONS under the CHINESE IMMIGRATION ACTS to March 31, 1908.

The original Act went into force as respects arrivals by vessels sailing from ports in North America on August 20, 1885, and as respects arrivals by other vessels on January, 1, 1886, *vide* 48-49 Victoria, chapter 71.

The Act as it appears in the Revised Statutes, chapter 67 (1886), is slightly changed from the original. There have been since then two amendments thereto, viz.: as per 50-51 Victoria, chapter 35 (1887) and 55-56 Victoria, chapter 25 (1892),

These general Acts were repealed by the Act 63-64 Victoria, chapter 32, which came into force Jan. 1, 1901. There has been since then one amendment thereto, viz.: as per 2 Edward VII., chapter 5 (1902).

The Act 63-64 Victoria, chapter 32 (1900) and Act 2 Edward VII., chapter 5 (1902), are repealed by the Act 3 Edward VII., chapter 8 (1903), which came into force January 1, 1904.

All previous Acts in force were consolidated in the Revised Statutes of 1906 under chapter 95, and in July, 1908, amendments thereto were enacted, viz.: 7-8 Edward VII., chapter 14.

The administration of the Act was by Order in Council of September 1, 1885, assigned to the Department of Customs and transferred to the Department of Trade and Commerce by Order in Council of March 13, 1893.

The annual revenue, expenditure, &c., has been as follows:—

(a) Prior to 1903 one-fourth of all entry dues paid by Chinese immigrants (less cost of collection) at the end of each fiscal year was paid to the Province wherein it was collected. Commencing in 1903, under 2 Edward VII, Chap. 5, one-half the amount is refunded to the respective provinces.

(b) On account of small collections no payments were made to the Provinces for 1905 and 1906, but were included in the refunds for 1907.
